Laser measuring technology

ALP 3

Order no. 350.680

Self-levelling 3-point laser

- Right angle, plumbing and zenith point function
- Optical and acoustical warning signal when self-levelling range is exceeded
- Optical warning signal for discharged batteries
- 1/4" thread for camera tripod
- Magnetic holder

Technical attributes	ALP 3
Precision	± 2 mm/10 m
Self-levelling range	± 5 °
Operation duration	8 h
Visible laser diodes	3x625 nm
Max. working range	50 m
Laser class	2
Temperature range	-10 - +45 °C
Weight	0,6 kg

Standard equipment	
Batteries 1,5 V (AA)	3 x
Magnetic target panel	315.281
Padded carrying bag	1 piece
