FLEX

Surface finishing sanding, random orbital

ORE 125-2 Set

Order no. 379.077

Random-orbit sander with speed control in set

- Sanding speed to suit the material due to speed control. No more damaged workpieces.
- Ergonomically designed, handy grip cover with soft grip insert ensures a secure grip and good guidance
- Small and particularly light one-handed unit with excellent ergonomics and special balancing for low-vibration operation to make work effortless and reduce the stress on joints of the user
- Integrated dust extraction and reliable disposal of the sanding dust using large volume filter bag made of tear-resistant paper. The filter bag is protected by an impact-resistant plastic cassette case
- Possible to connect external dust extraction
- High-performance sanding wheel: highly durable and abrasion-resistant
- Equipped with disc brake, as a result no unwanted sanding marks are produced on the workpiece and expensive corrective finishing is not required
- Especially for working round shapes
- Especially suitable for overhead work
